

Omar Ismail

Frontend Developer

Location: Smouha, Alexandria, Egypt | **Email:** omar.ismail277@gmail.com | **Phone:** [01115321567](tel:01115321567) | **GitHub:** [GitHub Profile](#) |
LinkedIn: [LinkedIn Profile](#) | **Personal Portfolio:** [Personal Portfolio](#)
Frontend Mentor: [Frontend Mentor Profile](#)

Creative front-end developer with experience in HTML, CSS, JavaScript, **React**, and Responsive Design. I'm passionate about writing **clean**, efficient code. I'm passionate about using **CSS** to bring designs to life and create **amazing user experiences**. Always eager to **learn new technologies** and collaborate to bring projects to life.

PROFESSIONAL PROFILE

- Creative & passionate Front-End Developer skilled in HTML, CSS, SASS, JavaScript, and React.
- Specializes in building clean, responsive, and high-performance user interfaces.
- Strong in code optimization, accessibility, and delivering smooth user experiences.
- Eager to learn new technologies and continuously improve both technical and design skills.
- Team player with solid communication, passionate about CSS, and active in ACPC, courses, and workshops.

EDUCATION

- **4-Month ITI Intensive Code Camp, Frontend Track**
 - Information Technology Institute (ITI), Alexandria Branch (February 2025 – Present)
- **Bachelor's Degree in Computer Communication Engineering, Faculty of Engineering**
 - SSP CCE Department, Alexandria University (GPA:**2.72**) (Sep 2015 – Sep 2020)
 - Graduation Project: "Escape to Learn Game" (Grade: A+)
- **High School Diploma**
 - New S.L.S Language School (Graduated: 2015)

KEY SKILLS

- HTML, CSS, JS, SASS React, Parcel, C/C++, Python, MySQL
- Responsive Web Design | API Integration and Handling
- Basic Web Design Principles (Figma) | Problem-Solving Skills
- Object-Oriented Programming (OOP) Principles | Version Control (Git)

PROJECTS

- **Personal Portfolio Website**
 - Built from scratch to showcase 25+ live projects, focusing on clean code, responsive design. [Live Demo](#)
- **Post Management System – Company Interview Task**
 - Implemented a Login flow (email/phone with password) and post listing functionality, using Postman for API testing and integration. Focused on component structure and API integration for actions like like/unlike. [Live Demo](#)
- **User Activity Monitoring Dashboard – Company Interview Task**
 - Built a responsive admin dashboard using Vanilla JS and jQuery to display user activity data with dynamic tables, date filtering, and pagination. Implemented a sliding (off-canvas) sidebar, dark/light mode toggle, and ensured full mobile responsiveness with modern UI layout. [Live Demo](#)
- **Hotel Reservation System**
 - Full-stack project developed under tight deadlines, utilizing HTML, CSS, JS, Bootstrap, MySQL, and PHP. [Code](#)
- **CRUD Website**
 - Developed two fully functional CRUD (Create, Read, Update, Delete) web application to demonstrate core web development skills. [Live Demo 1](#) [Live Demo 2](#)

WORK EXPERIENCE

Chatbot Prompt Engineer (Coding Track)

Outlier — Remote

[Sep 2024] – [Nov 2024]

- Reviewed and evaluated code responses across multiple programming languages, assessing accuracy, logic, and best practices.
- Rated and improved AI-generated code outputs, ensuring technical correctness, optimization, and alignment with developer thinking.
- Contributed to enhancing the AI's problem-solving capabilities by analyzing and refining its code understanding and generation.

Chatbot Prompt Engineer

Remotasks — Remote

[Jan 2024] – [Feb 2024]

- Independently developed prompts and responses for a chatbot tailored to the Egyptian market.
- Handled the full process from ideation to execution, ensuring alignment with Egyptian Arabic language and culture.

Reserve Officer

Armed Forces

[Nov 2021] – [October 2023]

- Led and coordinated tasks under pressure, demonstrating strong leadership and problem-solving abilities.
- Managed and supervised operations, ensuring efficiency and timely completion of missions.
- Developed skills in teamwork, communication, and discipline.

Self-Learning and Portfolio Development

Self-Initiated — Work from home

[October 2020] – [Nov 2021]

- Built a personal portfolio website from scratch to showcase frontend skills, using HTML, CSS, Sass, JavaScript.
- Dedicated a full year before military service to structured self-learning, with a strong focus on mastering CSS for building responsive and visually appealing user interfaces.
- Applied self-discipline and project-based learning to create 25+ live projects, focusing on clean code, user experience, and performance optimization.
